

TrilloPro

20ST

ITO Design studio has created a chair that at the same time fits into a modern office, conference rooms but is also suitable for hybrid work. It will work well for home office, home schooling, or colleges, taking care of user's spine. TrilloPro is modern and slender in form. It's also easy and quick to assemble with the small number of components.

Collection features:

- easily adjustable basic functions.
- synchro self mechanism ensures adjustment to user's weight
- several versions to choose from: backrest in plastic or with upholstered pad, plastics in two colours, two types of mechanisms and four- and five-star bases.
- the collection is completed by the TrilloPro hocker, a chair ideal for high table tops
- Blue Angel certificate - confirms that our chair is environmentally friendly
