

Xenon Net

110

Collection of swivel chairs with mesh back designed by German ITO Design studio. Thanks to innovative lumbar support and the possibility of individual modifications, the Xenon Net chair enables you to sit comfortably and adapt to your body shape.

Collection features:

- innovative depth adjustment of the lumbar support (SmartADLS)
- mechanisms synchro with smooth and quick adjustment of backrest spring strength
- graphite J-bar, connecting backrest, seat and mechanism
- available with high and low backrest, version with headrest and jacket hanger
- option available in full upholstery
- conference version - legs or cantilever and version with or without armrest
- Blue Angel certificate - confirms that our chair is environmentally friendly
