

Hug — Hug is the innovative and multifunctional seat with single shell in plastic, with full personalisation, for maximum freedom of composition. Available with sled base, four feet or trestle, in different finishes, Hug is dressed in a palette of fashion colours, for the stylish furnishing of spaces for sharing, meeting and waiting in various types of environments. Particularly sophisticated is the version with shell in wood, for a design with a natural style.

Hug

ALIVE. ACTIVE, CREATIVE

Constantly travelling the world, her official job title is global ambassador of comfort. She has attended numerous conferences, but she has also shared her message in various other occasions, including corporations, public meeting areas, and private homes.

VERSATILE

Hug has a wide range of finishes for shell bases and a comfortable seat covering padded.

PCON.PLANNER

It will be possible to configurate our model Hug by using pCon.planner program for the design of 2D an 3D environment.

pCon.planner allows to design working solutions in a fast and intuitive way, creating "realistic" images with advanced features, with a considerable saving of time and resources.

It is easy to start using pCon.planner: after downloading the software in the proper page, it is possible to download pCon. catalog, the practical online catalogue of products ready to be set up according to anyone's need, and then include the products in the projects.

For more information on the use of pCon. planner and the access to the products of the SitLand's catalogues, please contact com@sitland.com

WARRANTY

Hug has 5 years warranty.
